### SDG3: Good Health and Wellbeing

#### 3.3.6 - Does your university as a body have a "smoke-free" policy?

At our university, we are deeply committed to creating a healthy and supportive environment for our students, staff, and visitors. In line with this commitment, we have implemented a comprehensive smoke-free policy across our campus premises. This policy reflects our dedication to promoting not only physical health but also overall well-being and quality of life. Our smoke-free policy prohibits smoking in all indoor and outdoor areas of the university campus, including classrooms, offices, common areas, sports facilities, and outdoor spaces. This initiative is not just about compliance but stems from our concern for the health and safety of everyone associated with our university community.
