SDG5: Gender Equality

5.3.3 - Does your university as a body provide women's access schemes (e.g. mentoring, scholarships, or other provisions)?

Mentoring Program

- Purpose: To provide women students at Al Noor University with guidance, support, and mentorship from experienced faculty members and professionals.
- Eligibility: All female undergraduate are eligible to participate.
- Benefits: Mentors will offer advice on academic matters, career paths, and personal development.

Scholarship Program

- Purpose: To provide financial assistance to women students at Al Noor University to help them overcome financial barriers and continue their education.
- Eligibility: Women students with demonstrated financial need and academic merit are eligible to apply.
- Types of Scholarships:
    o   Merit-based scholarships
    o   Need-based scholarships
    o   Subject-specific scholarships

Career Development Center

- Purpose: To provide women students at Al Noor University with career counseling, job placement services, and workshops on professional development.
- Services:
    o   Resume writing and interview preparation
    o   Career counseling and guidance
    o   Job postings and networking opportunities

Flexible Learning Options

- Purpose: To accommodate the needs of women students at Al Noor University who may have family or work commitments.
- Options:
    o   Online courses
    o   Evening classes

- o   Part-time study options

Safe and Inclusive Campus Environment

- Purpose: To create a welcoming and supportive environment for women students at Al Noor University.
- Initiatives:
  - o   Harassment prevention policies
  - o   Gender-sensitive facilities
  - o   Student support services

Leadership Development Program

- Purpose: To empower women students at Al Noor University to develop their leadership skills and take on leadership roles.
- Activities:
  - o   Leadership workshops and training
  - o   Opportunities to participate in student government and organizations

By offering these women's access schemes, Al Noor University aims to create a supportive and inclusive environment for women students and provide them with the resources and opportunities they need to succeed academically and professionally.

Alnoor University announces its admission plan for non-Iraqi students for the 2023/2024 academic year, in response to the directives of the Ministry of Higher Education and Scientific Research through the "Study in Iraq" initiative. In line with the instructions of the President of Alnoor University, Professor Dr. Yassin Taha Al-Hajjar, a link has been launched for non-Iraqi students who wish to complete their undergraduate studies at our university.

In the same context, Alnoor University announced the completion of its plan to welcome non-Iraqi students, which includes offering free scholarships across various colleges of the university. This initiative aims to promote cultural exchange and elevate the academic level by accepting students from different nationalities, with three seats allocated per specialty, totaling 39 seats.

The media office at Alnoor University stated that the plan includes the following specializations:
College of Pharmacy
Dentistry
College of Health and Medical Technologies includes:
 Department of Medical Laboratory Technologies
Department of Anesthesia Techniques
 Department of Radiological Techniques
 Department of Optics Techniques
Department of Dental Prosthetics Techniques
 College of Law
 College of Education

Department of Physical Education and Sports Sciences
 Department of English Language
 Department of Arabic Language
College of Engineering
Department of Construction Engineering and Project Management
Department of Petroleum Engineering

Please note that the start date for scholarship applications and receipt of nominations is March 15, 2023, and the final deadline for receiving scholarship applications is July 12, 2023.

Application Procedure for International Students at the University

1- Applications from foreign students are submitted through a special link provided by the Registration and Student Affairs Department by filling out the student information form.
2- The university's Registration Department attaches the data of the applicants.
3-The names of the shortlisted students will be sent to the Ministry of Higher Education and Scientific Research / Department of Studies, Planning, and Follow-up for the purpose of granting entry visas.
4- After obtaining the necessary approvals and granting entry visas from the Ministry of Interior, the student will be notified to visit the university and the college they have been accepted into to begin their studies. Once the student's arrival is confirmed, they will be received at the airport.
