### SDG7: Affordable and Clean Energy

7.2.4 - Does your university as a body have an energy efficiency plan in place to reduce overall energy consumption?

Green Building Implementation - Copy of the ISO50001 certification (Alnoor University, Iraq )

Green Building Implementation - Overview Green Technologies implemented at the Environmental Campus (Alnoor University, Iraq)

**Description:**

- Alnoor University has ISO 50001 certificate.

All buildings of the Environmental Campus of Alnoor University fulfil the requirements of the Global and world Energy Standards for Buildings, whereby some reach much higher standards. Environmental campus of Alnoor implemented the elements of Green Building' such as an adsorption cooling plant for cooling purposes, a geothermal heat exchanger to pre-warm the outside air, a solar heat transmitter with heat storage capacity to provide heat, a solar thermal collector as heat source for a compression heat pump. And the building is built with temperture conservation. Also all the doors are made of wood wich is a good insulator.
