**17** PARTNERSHIPS FOR THE GOALS

The world today is more interconnected than ever before. Improving access to technology and knowledge is a crucial way to exchange ideas and foster innovation. Additionally, coordinating policies to help developing countries manage their debts, as well as encouraging investment in the least developed countries, is vital for achieving growth and sustainable development.

## Partnerships For The Goals

Two members of the Nineveh Provincial Council, Mr. Muhannad Najm Al-Jubouri and Mr. Hassan Thabet Al-Abbasi, visited the university, where they were received by Dr. Bashar Mahmoud, Chairman of the University Board. Discussions were held about university life, during which the council members listened to new ideas the university plans to implement to advance the higher education sector. A tour was then organized for the guests to explore the university's campuses, including its colleges, departments, laboratories, halls, and innovative units.
