

Sustainable Development Goals

Quality Education

4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

College of Engineering

With the participation of the Dean of the College of Engineering at Alnoor University, Professor Dr. Saad Al-Ta'an, the Head of the Construction Engineering and Project Management Department, Dr. Khalaf Ibrahim, and several faculty members, the college organized a scientific field visit for third- and fourth-year students of the Construction Engineering and Project Management Department to the Mosul Airport site. The students received a comprehensive explanation from the airport staff regarding its construction, facilities, buildings, terminals, and runways. The team also conducted an introductory tour of the site, attentively listening to detailed briefings from engineering and administrative personnel.
