4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

Alnoor University welcomed fourth-year (Micro) students from the Department of Life Sciences at the College of Science, University of Mosul, along with a select group of their professors, on a scientific and guidance visit organized by the University of Mosul. During the visit, they were introduced to the modern equipment and advanced laboratories of the various scientific departments at Alnoor University and had the opportunity to familiarize themselves with them firsthand.
