

# Sustainable Development Goals

## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

## Quality Education

### College of Engineering

The College of Engineering at Alnoor University organized an informational visit for second-year students from the Department of Construction Engineering and Project Management, accompanied by several faculty members, to the Badoush Cement Plant. During the visit, they toured the grinding site and control center and listened to a detailed explanation provided by the plant's specialized staff. The students also posed various inquiries regarding the plant's departments and its operational mechanisms for cement production.
