

Sustainable Development Goals

Quality Education

4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

Alnoor University receives significant attention from schools in the education sector, as it serves as an ideal destination for students completing their secondary education and preparing to enter higher education. To facilitate early acquaintance, Mu'tah Girls' High School organized an introductory visit for its students to the university, where they toured the educational dental clinics and several laboratories of the medical and health departments.
