11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

Professor Dr. Yassin Taha Al-Hajjar, President of Alnoor University, welcomed the university's scouting team upon their return from the *University Challenge, Creativity, and Sustainability Competition*. The team secured first place in the competition, which was launched by the Ministry of Higher Education and Scientific Research and held in Basra Governorate. During the reception, the first-place trophy was presented to the university president to be displayed in the university museum. In turn, Dr. Al-Hajjar awarded certificates to the team members one by one. The event was attended by Dr. Mohammed Abdul Jabbar, Director of the Student Activities Department, along with the team's coach.
