## Sustainable Cities and Communities

### 11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

In the blessed days of the month of Ramadan, and in the presence of Dr. Bashar Mahmoud, Chairman of the Board of Trustees of Alnoor University, Dr. Ismail Abdul Wahab, Assistant University President for Academic Affairs, and a representative of the Sunni Endowment in Nineveh, the finals of the *Young Muezzin Competition* took place at Alnoor University. The competition was organized by the Sunni Endowment Directorate in Nineveh with the support of Alnoor University. Following the Maghrib prayer, Alnoor University hosted a grand Iftar banquet. The event began with speeches from Alnoor University and the Sunni Endowment, followed by the competition rounds among the contestants. A special segment featuring religious chants (*Muwashahat*) was also presented. The final part of the ceremony was dedicated to distributing certificates to the participants and awarding certificates and prizes to the winners.
