### 17 PARTNERSHIPS FOR THE GOALS

The world today is more interconnected than ever before. Improving access to technology and knowledge is a crucial way to exchange ideas and foster innovation. Additionally, coordinating policies to help developing countries manage their debts, as well as encouraging investment in the least developed countries, is vital for achieving growth and sustainable development.

## Partnerships For The Goals

As an expression of the vital connection between higher education institutions in Nineveh Province — including public and private universities and colleges all working in the spirit of one family — Dr. Bashar Mahmoud Ali, Chairman of the Board of Trustees of Alnoor University, organized a visit to the University of Al-Hamdaniya to extend congratulations to Professor Dr. Nashaat Mubarak on the occasion of his appointment as President of the University of Al-Hamdaniya. During the visit, he presented him with a bouquet of flowers and the Alnoor University shield. The discussion touched upon avenues of cooperation and communication between the two universities. Also present at the meeting was Dr. Nizar Abdul Latif, Dean of the College of Applied Arts at Alnoor University.
