4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

As part of its ongoing efforts to attract prominent cultural figures from Iraq and around the world, Alnoor University hosted Dr. Rayan Abdullah, renowned for his distinguished contributions to the field of design. He was welcomed by the University President, Professor Dr. Yaseen Taha Al-Hajjar, and Dr. Bashar Mahmood, Chairman of the University's Board of Trustees. A tour of the university's facilities was conducted, followed by a significant lecture delivered by Dr. Abdullah titled "The Future of Design," attended by a distinguished audience of university members, local intellectuals, and students from the departments of Interior Design, Digital Media, and Archaeological Tourism. Dr. Rayan Abdullah holds a prestigious position in the fields of graphic design and typography. He has developed international logos for Germany and major companies such as Bugatti, Audi, and Volkswagen. He has authored books on design and Arabic calligraphy and has lectured at prestigious universities including Oxford, Harvard, and Cambridge. He also founded the Design Faculty at the German University in Cairo and served as its dean for several years. The lecture session was attended by the university's Vice Presidents for Administrative and Academic Affairs, as well as the deans of the Colleges of Pharmacy, Education, and Applied Arts, along with several heads of academic departments.
