Sustainable Cities and Communities

11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

In the presence of Professor Dr. Yaseen Taha Al-Hajjar, President of Alnoor University; Mr. Mohammed Ibrahim Aboudi, Director General of Nineveh Education; and Dr. Bashar Mahmoud, Chairman of the Board of Trustees at Alnoor University, the university hosted and supported the annual central celebration of Nineveh Secondary School for Distinguished Girls, honoring top-performing students. The event began with a speech by educator Mayada Al-Maadheedi, Principal of the school, in which she highlighted the school's role in preparing students and fostering their academic excellence. This was followed by the screening of two videos about the school and Alnoor University, along with performances of two theatrical plays: *Souq Okaz* and *The Storm*. The ceremony concluded with the distinguished students being honored and awarded the Medal of Excellence.
