Sustainable Cities and Communities

11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

College of Applied Arts

Under the patronage of Dr. Bashar Mahmoud Ali, Chairman of the Board of Trustees at Al-Noor University, the Department of Interior Design Technologies at the College of Applied Arts organized a special art exhibition showcasing student work, including 3D models and posters, held on campus. These students are considered pioneers in the field of Interior Design Technologies—a unique program offered exclusively by Al-Noor University among universities and colleges in the Nineveh Governorate. The exhibition featured students' creative outputs in both three-dimensional design and graphic posters. Additionally, a video presentation was delivered by the Mosul Heritage Digitization Team from the Al-Noor Center for Cultural Heritage Preservation. The video included a virtual tour, a groundbreaking initiative achieved uniquely by Al-Noor University at both the national and regional levels. The opening ceremony was attended by: Dr. Nizar Abdul Latif, Dean of the College of Applied Arts, Prof. Dr. Kamel Ali Abdul Mohsen, Dean of the Technical Engineering College, Prof. Dr. Khazaal Fathi Zaidan, Dean of the College of Education and Prof. Dr. Muneer Al-Badrani, Scientific Advisor to the University.
