Sustainable Cities and Communities

11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

Professor Dr. Ismail Abdul Wahab, Vice President of Alnoor University for Scientific Affairs, attended part of the celebration held at the University of Nineveh honoring creators of meaningful content and professionals working in the field of media across the Arab world and Iraq. The event included the opening of several outstanding scientific and artistic exhibitions by the university's staff and students. The dialogue session focused on discussions with content creators about the importance of their work in conveying the message and culture of their country.
