

Sustainable Development Goals

Quality Education

4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

In the presence of Prof. Dr. Ismail Abdulwahab, Assistant President of Alnoor University for Scientific Affairs, and as part of the “Study in Iraq” program adopted by the Ministry of Higher Education for both public and private universities, a ministerial committee visited Alnoor University to follow up on the status of Arab and foreign students admitted through the “Study in Iraq” track. The committee reviewed the services provided to the students and praised the university’s efforts in supporting the success of this ministerial initiative. The meeting was attended by the Director of Registration and Student Affairs, as well as the Head of the “Study in Iraq” Unit at the university.
