### 17 PARTNERSHIPS FOR THE GOALS

The world today is more interconnected than ever before. Improving access to technology and knowledge is a crucial way to exchange ideas and foster innovation. Additionally, coordinating policies to help developing countries manage their debts, as well as encouraging investment in the least developed countries, is vital for achieving growth and sustainable development.

### College of Education

Out of a shared desire for academic advancement, a twinning and cooperation agreement was signed between the College of Education at Alnoor University—represented by its Dean, Professor Dr. Khazaal Fathi Zidan, as the first party—and the College of Education for Women at the University of Mosul—represented by its Dean, Assistant Professor Dr. Shatha Hazem Korkis, as the second party. The agreement aims to strengthen ties and open new horizons for collaboration in academic fields, with the goal of enhancing educational and research standards at both institutions. The terms of the agreement were established in accordance with applicable laws, regulations, and guidelines, covering areas such as teaching, scientific research, student activities, administration, career development, financial matters, and the protection of each party's rights.
