Sustainable Development Goals

Quality Education

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

College of Pharmacy

In the presence of Professor Dr. Yaseen Taha Al-Hajjar, President of Alnoor University, and Dr. Bashar Mahmood Ali, Chairman of the University's Board of Trustees, the College of Pharmacy organized a workshop entitled: "Staff and Students Preparation for Graduation Research Projects – Ideal Ways." The workshop was supervised by Assistant Professor Dr. Omar Qutaiba Al-Layla, Dean of the College of Pharmacy, while the lecture was delivered by Dr. Bahjat Saeed Issa, who addressed the optimal mechanisms for preparing final-year students in conducting their graduation projects, in addition to guiding the academic staff toward best practices in academic supervision. At the conclusion of the workshop, a group of faculty members from the College of Pharmacy were honored in appreciation of their distinguished scientific and academic contributions in serving their students and advancing the educational process.
