Sustainable Development Goals

Quality Education

4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Students of Alnoor University continue to achieve remarkable progress in scientific events and large-scale competitions, showcasing their outstanding skills. In this context, Ali Bashar Mohammed, a student from the Department of Computer Science in the College of Education at Alnoor University, received a letter of appreciation from the Minister of Higher Education and Scientific Research, Dr. Naeem Al-Aboudi, in recognition of his outstanding achievement of securing first and second place in two competition categories out of three, during his participation in the Conference on the Digitization of Cultural Heritage and Archaeological and Heritage Sites. The conference was held at the Cyprus branch of the American University of Beirut, in partnership with Brandenburg University of Technology in Germany.
