## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

# Sustainable Development Goals

## Quality Education

Organized by the Office of the Scientific Advisor to Alnoor University and attended by the Deans of the Colleges of Education, Engineering, and Engineering Technology, Professor Dr. Muneer Salem Ahmed Al-Badrani, the University's Scientific Advisor, delivered a scientific lecture entitled: "How to Write an Outstanding Research Title." The lecture, which combined both in-person and online delivery, aligns with Alnoor University's commitment to developing the scientific research skills of its students and researchers. Dr. Al-Badrani addressed the fundamentals of selecting a rigorous scientific title, internationally recognized academic standards, and the importance of a title being concise, clear, expressive of the research content, and appealing to the reader. The lecture also witnessed active interaction from the audience, who posed questions and made interventions that enriched the discussion. The Scientific Advisor emphasized that such workshops and meetings represent a fundamental step in enhancing the quality of scientific research and the university's standing in academic forums. This event is part of a series of consecutive lectures aimed at developing the capabilities of Alnoor University researchers in writing and publishing distinguished research.
