4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

Under the esteemed patronage of Alnoor University, and in joint organization with the International Academy for Leadership and Development and the Association of Iraqi Students in Turkey, a graduation ceremony for Iraqi students in Turkey was held at Bahçeşehir University in Istanbul. Alnoor University was represented at this event by Ms. Marwa Al-Jubouri, Director of Public Relations, and Assistant Lecturer Saad Saleh Dhiab, faculty member at the university. Their presence came as a testament to the university's ongoing commitment to supporting its Iraqi students wherever they may be, and to strengthening channels of academic and community engagement. This ceremony reflects Alnoor University's dedication to building bridges of cooperation with both Iraqi and international academic institutions, thereby contributing to elevating the status of Iraqi students and highlighting their talents on the global stage.
