Quality Education

4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

College of Pharmacy

Alnoor University held an official ceremony today to celebrate World Pharmacist Day, which included the recitation of the medical oath by a cohort of graduates from the College of Pharmacy. The event was attended by Assistant Professor Dr. Omar Qutayba Al-Layla, Dean of the College of Pharmacy, Professor Dr. Muneer Al-Badrani, the Scientific Advisor, along with a selection of faculty and administrative staff, and the graduates' families. The ceremony commenced with a welcoming speech that emphasized the esteemed status of the pharmacy profession and its pivotal role in the healthcare system. The Dean of the College then delivered an address, highlighting the university's commitment to elevating standards in pharmaceutical education, scientific research, and community service. He urged the graduates to adhere to the highest levels of professionalism and ethical responsibility in their practice. Following this, the graduates recited the medical oath, affirming their humanitarian mission to care for patients and their commitment to the codes of professional honor. The event concluded with congratulations being extended to the new graduates and the taking of commemorative photographs. It was reiterated that Alnoor University will continue to support its graduates and enhance their professional capabilities through training programs, continuing education, and institutional partnerships.
