11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

Sustainable Cities and Communities

On the fifth day of the participation of the Iraqi Cultural Heritage Digitization Team from Alnoor University, the official opening of the Heritage Works Exhibition was held. The event was attended by a representative of the Iraqi Ministry of Higher Education and Scientific Research, a delegation from the Embassy of the Republic of Iraq in Germany, alongside a large number of academic and cultural figures. During the exhibition, the team showcased the most prominent artistic and digital projects by Alnoor University dedicated to the digitization of Iraqi cultural heritage, which were highly admired by the attendees. The representative from the Ministry of Higher Education and Scientific Research, along with the participating guests, praised the pioneering role and distinguished academic standing of Alnoor University in Iraq. This reflected broad interest and significant acclaim for the University's efforts in this field.
