### 17 PARTNERSHIPS FOR THE GOALS

The world today is more interconnected than ever before. Improving access to technology and knowledge is a crucial way to exchange ideas and foster innovation. Additionally, coordinating policies to help developing countries manage their debts, as well as encouraging investment in the least developed countries, is vital for achieving growth and sustainable development.

## Partnerships For The Goals

As part of efforts to strengthen scientific and academic collaboration among Iraqi universities, a delegation from Alnoor University, headed by Professor Dr. Yassin Taha Al-Hajjar, President of Alnoor University, visited the Presidency of the University of Nineveh to sign a joint cooperation agreement encompassing various fields of academic, research, and training collaboration between the two institutions. During the meeting, both sides discussed prospects for cooperation in areas such as academic exchange, joint supervision, scientific research, and the organization of collaborative academic activities, all aimed at advancing the educational and research landscape in Nineveh Governorate. The meeting was attended by the President and members of the University Council of Nineveh University, who welcomed the delegation from Alnoor University and expressed their commitment to opening new horizons for academic integration between the two institutions. The visit concluded with the signing of the cooperation agreement and an exchange of appreciation and gratitude between the two sides, reaffirming the spirit of partnership and cooperation in serving the progress of higher education in Iraq.
