Sustainable Cities and Communities

11 SUSTAINABLE CITIES AND COMMUNITIES

Cities are hubs for ideas, trade, culture, science, production, social development, and other human activities. They play a crucial role in enabling people to achieve social and economic advancement. It is essential to mobilize support to ensure that policymakers are convinced of the need to include access to information in national and regional development plans.

Sustainable Cities and Communities

The Minister of Higher Education and Scientific Research, Dr. Naim Al-Aboudi, honored Alnoor University during the First Volunteerism Conference 2025, in recognition of its pioneering efforts in promoting a culture of volunteerism and community service. The ceremony was attended by the Head of the Supervision and Scientific Evaluation Body, university presidents, the President of the Iraqi Academics Syndicate, as well as a number of professors and students. In his speech, the Minister praised Iraqi universities for becoming a model in strengthening the values of social responsibility, commending Alnoor University's volunteer initiatives that have contributed to community support and fostered a spirit of giving among students. This honor crowns a record of dedication and humanitarian initiatives launched by Alnoor University, establishing it as a shining example in the fields of community service and purposeful education. At the conclusion of the conference, the university received the official Award of Recognition from the Ministry of Higher Education and Scientific Research, reaffirming its distinguished position among Iraqi universities and its leading role in instilling the values of volunteerism and national belonging.
