

Sustainable Development Goals

Quality Education

4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

Quality Education

College of Law

The College of Law and Political Science at Alnoor University, represented by its Dean, Assistant Professor Dr. Ahmed Mustafa Ali, hosted a team from the College of Law at the University of Duhok. A moot court session was held between the two colleges' teams, aimed at enhancing the practical dimension of students' academic knowledge. The participation demonstrated the distinguished role and dedicated efforts of the students and their coaches, in addition to their precise responses to the arbitration panel's questions and adherence to both substantive and procedural aspects—highlighting the strong standing of the Iraqi universities participating in this competition. This achievement comes as a result of the continuous support and follow-up of the Dean of the College of Law and Political Science, Assistant Professor Dr. Ahmed Mustafa Ali, along with the efforts of international coaches Ahmed Saad and Mohammed Mahdi, ensuring the team's qualification for the in-person rounds scheduled to be held in the Kingdom of Saudi Arabia.
