### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

### College of Education

The Department of English at the College of Education, Alnoor University, organized a field visit to the American University in Duhok, supervised by Assistant Lecturer Raghed Maher Ibrahim Hasan, with the participation of several faculty members and students from the department. The visit aimed to enhance students' practical skills and familiarize them with different educational environments, contributing to the development of their academic and language abilities. It included an introductory lecture about the American University in Duhok, followed by a guided tour of several academic departments and facilities, as part of efforts to support academic cooperation and the exchange of experiences between the two institutions.
