### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

### College of Law

The College of Law and Political Science at Alnoor University organized a scientific workshop entitled *“Execution of Judicial Rulings and Official Documents,”* supervised by the College’s Legal Clinic Unit in cooperation with the Continuing Education Division. The workshop was attended by Assistant Professor Dr. Ahmed Mustafa, Dean of the College of Law and Political Science, along with a number of faculty members and students, and was delivered by Bailiff Wael Yassin Al-Wattar. The workshop addressed the legal and procedural aspects of executing judicial rulings and handling official documents, highlighting practical challenges in enforcement and ways to address them in accordance with applicable laws. This initiative aims to link theoretical knowledge with practical application. The workshop is part of a series of scientific activities organized by the college to enhance students’ practical skills, provide them with field legal experience, and align their training with labor market requirements and legislative developments.
