

# Sustainable Development Goals

## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

# Sustainable Development Goals

## Quality Education

Dr. Muslim Laith Al-Obaidi, a faculty member at Alnoor University, participated in the General Medical Council (GMC) Examiners Refresher Training Course, held in Manchester, United Kingdom. The course aims to maintain the highest standards of knowledge and skills required to assess physicians participating in the internationally recognized PLAB 2 examination. This participation represents an advanced scientific experience that contributes to enhancing understanding of the latest fair and accurate assessment methods in line with approved British standards, thereby strengthening the quality of medical training and patient safety. This participation also reflects Alnoor University's commitment to supporting its academic staff and developing their expertise in keeping with global advancements in medical education and training.
