## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

# Sustainable Development Goals

## Quality Education

Alnoor University achieved a distinguished presence and an advanced position in the results of the Iraqi University Ranking for 2025, announced by the Ministry of Higher Education and Scientific Research after a comprehensive evaluation that included more than one hundred public and private universities across Iraq. This achievement reflects Alnoor University's advancement to a leading position among 66 private universities, indicating the quality of its educational environment, the growing effectiveness of scientific research, and the robustness of its institutional performance in line with approved national standards, thereby strengthening the university's standing within Iraq's higher education landscape. This progress embodies the outcome of Alnoor University's vision and the dedicated efforts of its academic and administrative staff, as well as its continuous journey toward excellence and the advancement of education, scientific research, and community service.
