

# Sustainable Development Goals

## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

## Quality Education

### College of Health and Medical Technologies

The Department of Medical Laboratory Techniques at the College of Health and Medical Technologies at Alnoor University organized a specialized scientific workshop in the field of academic accreditation, addressing the mechanisms of adopting, implementing, and writing program accreditation in accordance with approved standards. The workshop was supervised by Assistant Professor Dr. Hadi Mohammed Ahimed, Head of the Department, and its scientific sessions were delivered by Dr. Nazem Alawi Al-Shahri and Lecturer Laith Yaseen Qasim, who reviewed the theoretical and practical foundations of program accreditation, methods for preparing documentation files, and the requirements for improving the quality of educational outcomes in line with quality assurance and academic accreditation standards. The workshop was attended by several faculty members and staff of the department as part of the college's ongoing efforts to promote a culture of quality and ensure that academic programs meet accreditation requirements, thereby enhancing the academic and professional level of students.
