

# Sustainable Development Goals

## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

## Quality Education

### College of Education

Dr. Mohammed Abduljabbar Yahya, rapporteur of the Department of Physical Education and Sports Sciences at the College of Education, Alnoor University, received a training certificate from the Ministry of Higher Education and Scientific Research in the Sultanate of Oman after participating at Northern Technical University in the international specialized program for training life-skills instructors, organized by the International Institute for Institutional Training and Development in Oman, with distinction. This achievement reflects the university's ongoing commitment to developing its teaching staff in a way that contributes to raising the academic standard and strengthening the university's position among leading global institutions.
