4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

College of Arts

The Department of Digital Media at Alnoor University held a specialized discussion session to review and evaluate students' practical work for the first semester of the current academic year, in the presence of Professor Dr. Yass Khudair Al-Bayati, Head of the Department, and faculty members. The session comes as part of the university's commitment to strengthening students' practical skills and developing their creative abilities in the field of digital media, in line with the university's philosophy of graduating a generation of media professionals qualified for the labor market and the demands of the digital age.
