Partnerships For The Goals

17 PARTNERSHIPS FOR THE GOALS

The world today is more interconnected than ever before. Improving access to technology and knowledge is a crucial way to exchange ideas and foster innovation. Additionally, coordinating policies to help developing countries manage their debts, as well as encouraging investment in the least developed countries, is vital for achieving growth and sustainable development.

Partnerships For The Goals

Dr. Dilshad Ali, Director General of the Nineveh Health Directorate, visited Alnoor University, where he was received by Professor Dr. Yaseen Taha Al-Hajjar, President of the University, and Dr. Bashar Mahmoud, Chairman of the University's Board of Directors. The meeting featured a productive discussion on ways to strengthen mutual cooperation and open new horizons between both sides, contributing to shared scientific and service benefits that support the community and enhance the health sector. The meeting was attended by the Vice President for Scientific Affairs, the deans of the Colleges of Dentistry, Pharmacy, and Health and Medical Technologies, in addition to the Scientific Advisor, the Secretary of the University Council, and the Media Advisor. Following the meeting, a tour was organized across the university campus to acquaint the Director General with its facilities, as well as the equipment and devices used in its departments, including the medical and health complex.
