

# Sustainable Development Goals

## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

## Quality Education

As part of the International Continuing Education Program, Alnoor University organized a distinguished academic event during which it hosted Dr. Bella Akhmedovna Bulgarova, Associate Professor in the Department of Mass Communication at RUDN University and Editor-in-Chief of the Digital Media Studies Journal at Alnoor University. Dr. Bulgarova delivered a scientific lecture on the topic of cognitive linguistic modeling of artificial intelligence, presenting the latest outcomes of her research projects funded by international scientific funds. She has an academic record exceeding 150 research papers in addition to scholarly works published by Cambridge. The lecture focused on developing technical frameworks based on blockchain technology to automate the detection of media disinformation in the digital space, while also highlighting transmedia learning strategies for students of the humanities, drawing on her more than twenty years of academic experience in psycholinguistics, international relations, and applications of artificial intelligence in media.
