

# Sustainable Development Goals

## Quality Education

### 4 QUALITY EDUCATION

Access to education can enhance quality of life and prepare future leaders who will find solutions to global challenges. Providing education to children in technical, vocational, and entrepreneurial skills will serve as a foundation for sustainable development through scholarships and educational facilities, as well as eliminating gender disparities in access to education.

## Quality Education

### College of Education

In the presence of Professor Dr. Yaseen Taha Al-Hajjar, President of Alnoor University, and under the supervision of Professor Dr. Khazal Fathi Zaidan, Dean of the College of Education, the Department of English organized a scientific workshop titled “Problems of Translating Redundant Repetition from English into Arabic among Students.” The workshop was moderated by Assistant Lecturer Aya Ali Hassan and featured presentations by Dr. Asmaa Yahya Qasim and Assistant Lecturer Enas Ismail Fathi. The speakers discussed the main difficulties students face when translating redundant repetition from English into Arabic, highlighting the stylistic differences between the two languages and explaining appropriate ways to handle repetition in order to achieve clarity and accuracy in meaning. The workshop was attended by the university’s scientific advisor and a number of department heads. It also included several practical examples and translated texts, with explanations of correct approaches for addressing this type of repetition, thereby contributing to the development of students’ translation skills and improving their ability to convey meaning accurately. The workshop emphasized the importance of such scientific activities in enhancing students’ linguistic and translation expertise.
